

City of Bedford

Office of the Mayor

Samuel J. Craig

April 14, 2020

I want to thank all of the residences and businesses for their patience during the storm water construction project. We are on the home stretch with the completion of the paving. We have received a community crossings grant award. Mayor Craig called a special Board of Works meeting to request permission for the information to be put out for bids. This is for complete paving of 4th street from L Street to S street. Those bids will be accepted April 30 (at a special meeting) and we hope paving will start soon after this date. The paving must be completed by July 31, 2020. We are accepting quotes for total paving of P Street from Lincoln Avenue to the alley between 1st and 2nd Street, from the roundabout north to 6th Street complete paving, a section on 1st street east of Lincoln Avenue, and to the north and south of the intersection of 4th & O Street. Mayor Craig is still working with contractors to resolve paving concerns on Lincoln Avenue from 5th Street to 1st Street. Please contact the utilities department at 812-275-1626 if you have questions or concerns.
