Effective October 16, 2025, Master Meter and Bedford City Utilities employees may be in your area doing a water meter maintenance register update. Most meter registers were updated by fixed antennas placed at a few locations in town and most meters were updated by this process this summer. The outlying areas such as Williams Rd, Saddle Barn Addition, Heltonville Rd, Fellowship Dr, Brook Knoll, Washington Ave, River Bluff Rd, and Broadview Addition still need the meter register update.

If effected, the process includes Bedford City Utilities employees locating and placing a blue flag next to your meter pit. Master Meter employees will then place a transmitter in the pit that will update your register. A pink flag will be placed next to your meter pit which means your meter register is updating. The transmitter will be picked up the next day and flag removed. Please do not remove either flag. They will be picked up by employees. That concludes the process.

The timeframe for this process could take up until the end of November. This does not affect your read or consumption.

If you have questions, contact:

City of Bedford Utilities office during business hours of 7:30 am – 4:15 pm M-F

812-275-1626

Closed from 12 pm – 1 pm
